Gamebook is a supplementary material to be used in the classroom and at home to diversify the learning routine, provide students with engaging materials that would help them to improve not only their academic, but also cognitive and social skills.

Games offered in this book allow children to use their creativity while:

- ✓ developing dexterity,
- ✓ training memory and attention span,
- ✓ developing cognitive and emotional strength,
- ✓ learning the importance of teamwork and collaboration,
- ✓ improving cognitive and interpersonal skills.

Unit 1

Help Mollie to find the words.

Draw the words you found.

son daughter grandpa
niece mother father
uncle sister brother
cousin

Help Kitty to solve the riddles. Match the riddle with the correct answer. Spell the word.

This small kitchen appliance
Gets pushed down and then it starts.
It's used for slices of bread.
Or for heating up Pop-Tarts.

I'm something that is often round
But I'm not a pizza base.
I have hands but don't have fingers,
And I have numbers on my face.

When you need to wash your
hair,
Just using water's not enough.
Instead you would use this
thing
That might help to prevent
dandruff.

This is a household appliance
But it doesn't clean your shirt.
You push it all over the floor,
And it sucks up all the dirt.

I am often long and thin
And get held inside a stick.
My outside is made of wax
And inside there is a wick.

*These are found in many houses
But it is not a set of keys.
They are used to cover windows,
And some showers have one of
these.*

I can be found inside a lamp
Or on a chandelier.
In cartoons I'm seen over heads
When there's a great idea.

This item can be used
To see what is right there.
An evil queen used hers
To find out who's most fair.

Because this item is sharp
You shouldn't give it a
licking.
You use it to cut up food
And sometimes to carve a
chicken.

This is in your living
room.
It's sometimes made of
leather.
If there's two or three
of you,
It helps you sit
together.

Help Mom to get to her family. Color her way.

Draw your family.

Unit 2

Help Sophie to color her friend. Each number has its color. The colors are given at the bottom of the picture.

I am Sophie's friend? Who am I? Do you have a friend like me?

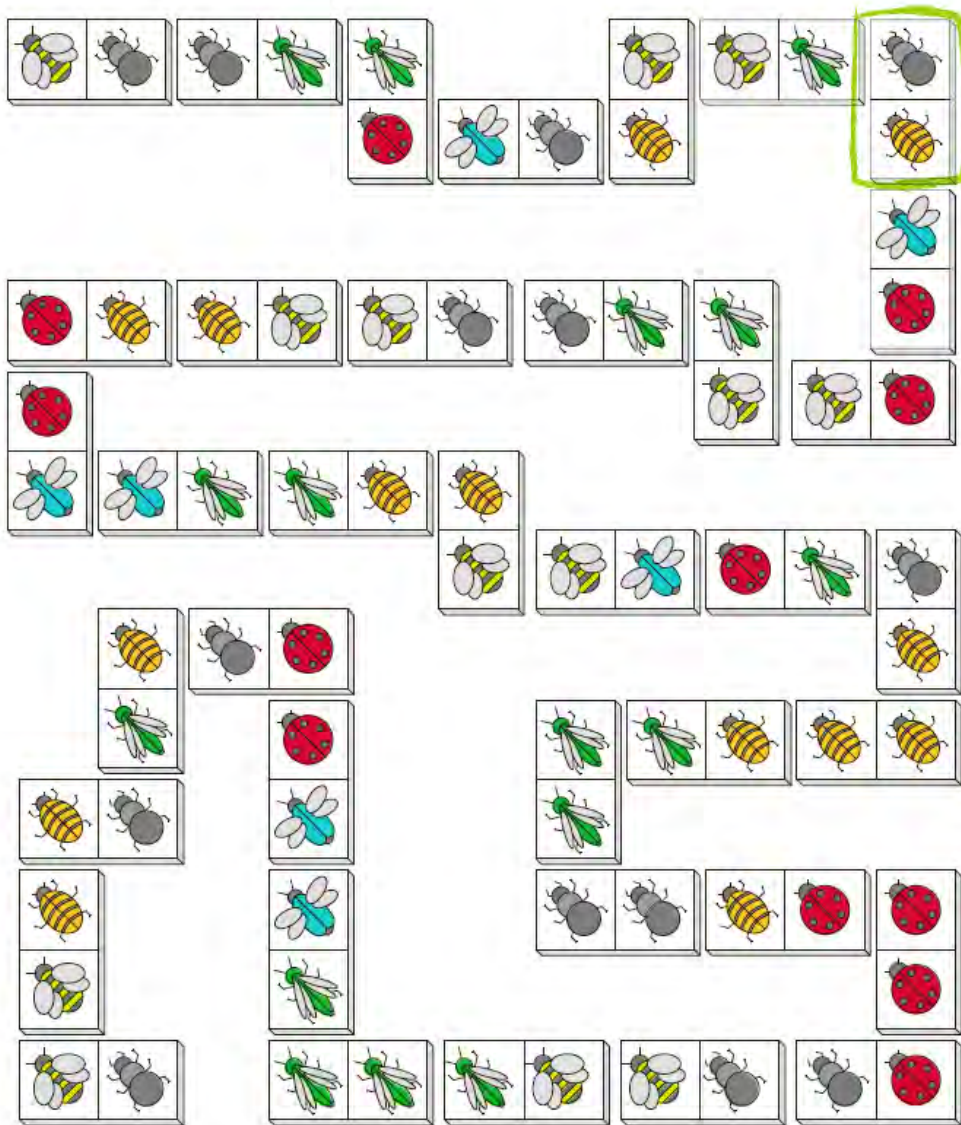

1—Red
2—Yellow

3—Blue
4—Green

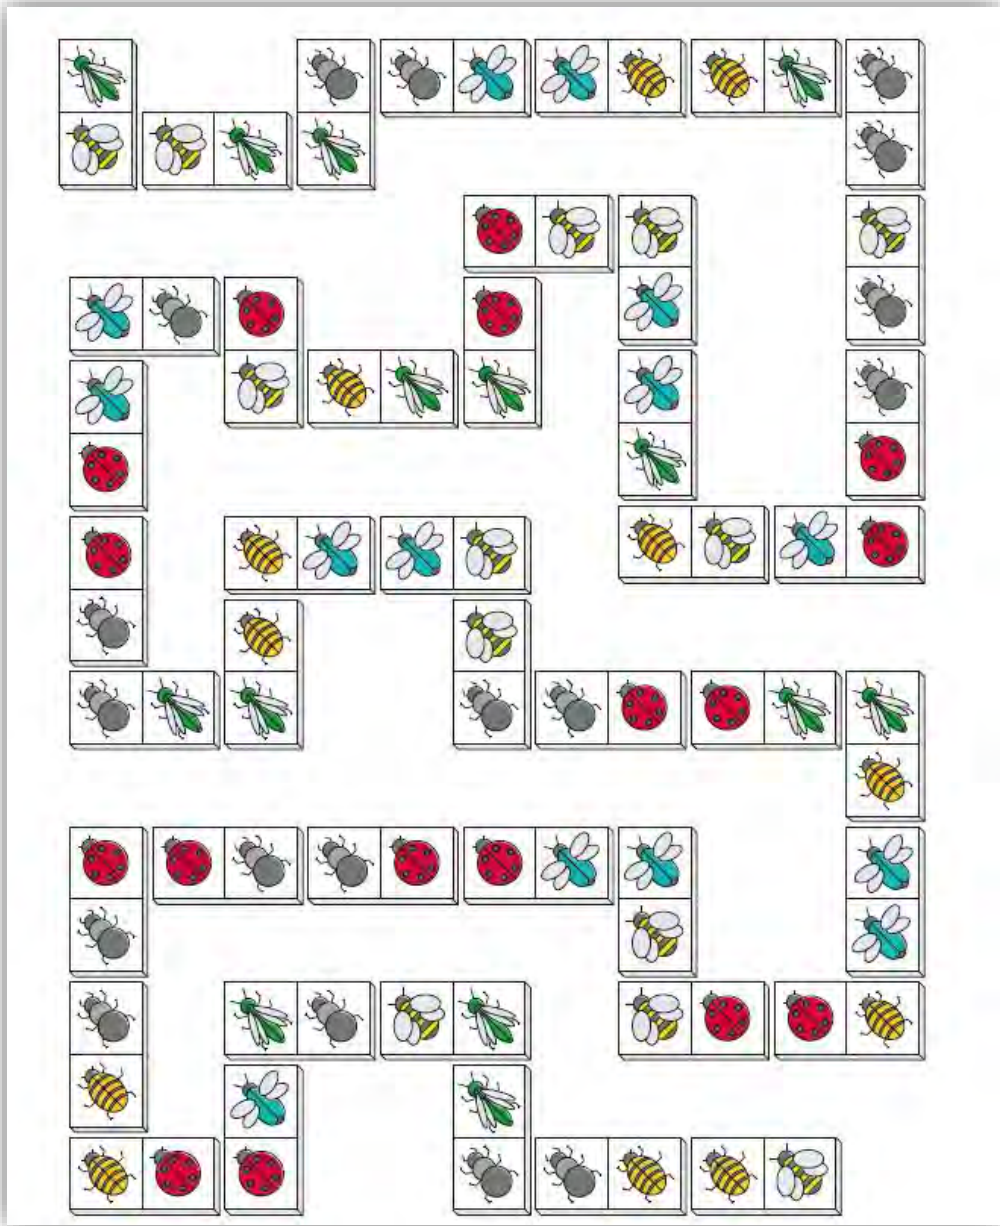

5—Orange
6—Purple

7—Brown
8—Black

Polly and Collie are playing dominoes. The rule says: only the matching tiles can be placed next to each other. Friends made 5 mistakes. Sophie found and circled one. Help girls to find other four mistakes.

Find and circle 5 mistakes the friends made.

This is a coded message. Each letter is given a number. First, unscramble the words. Then, de-code the message bellow.

Unit 3

Ron got lost in the school. Help Ron to find the exit. Color his way.

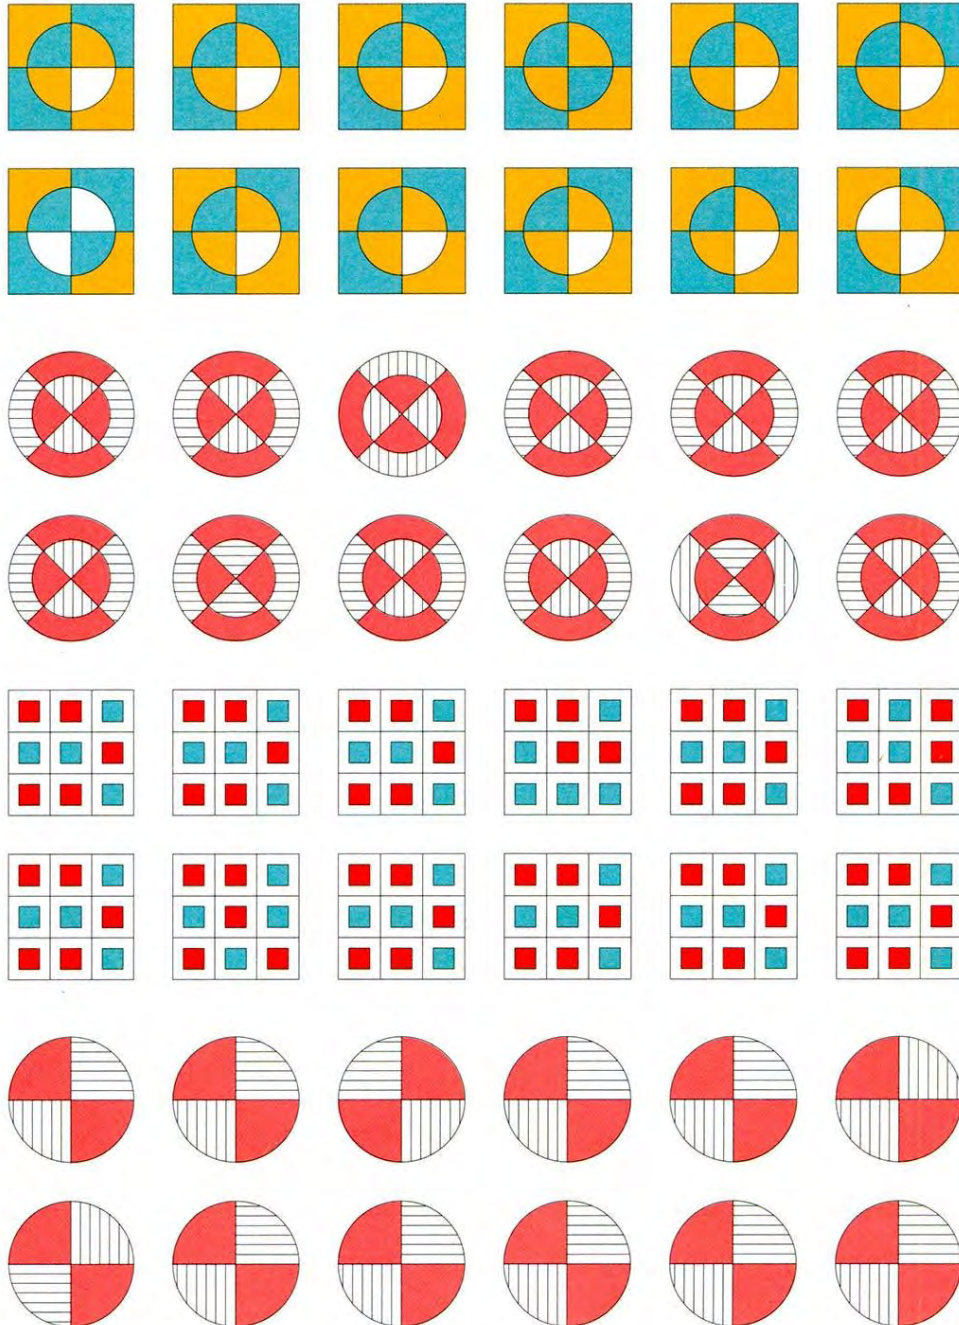

Do you often get lost?

Help Lilly to find two identical pictures.

There is a picture in each row that differs from others. Circle it. Explain why and how it is different.

Cut out and glue a pair of dice. Play “snakes and ladders” with it.

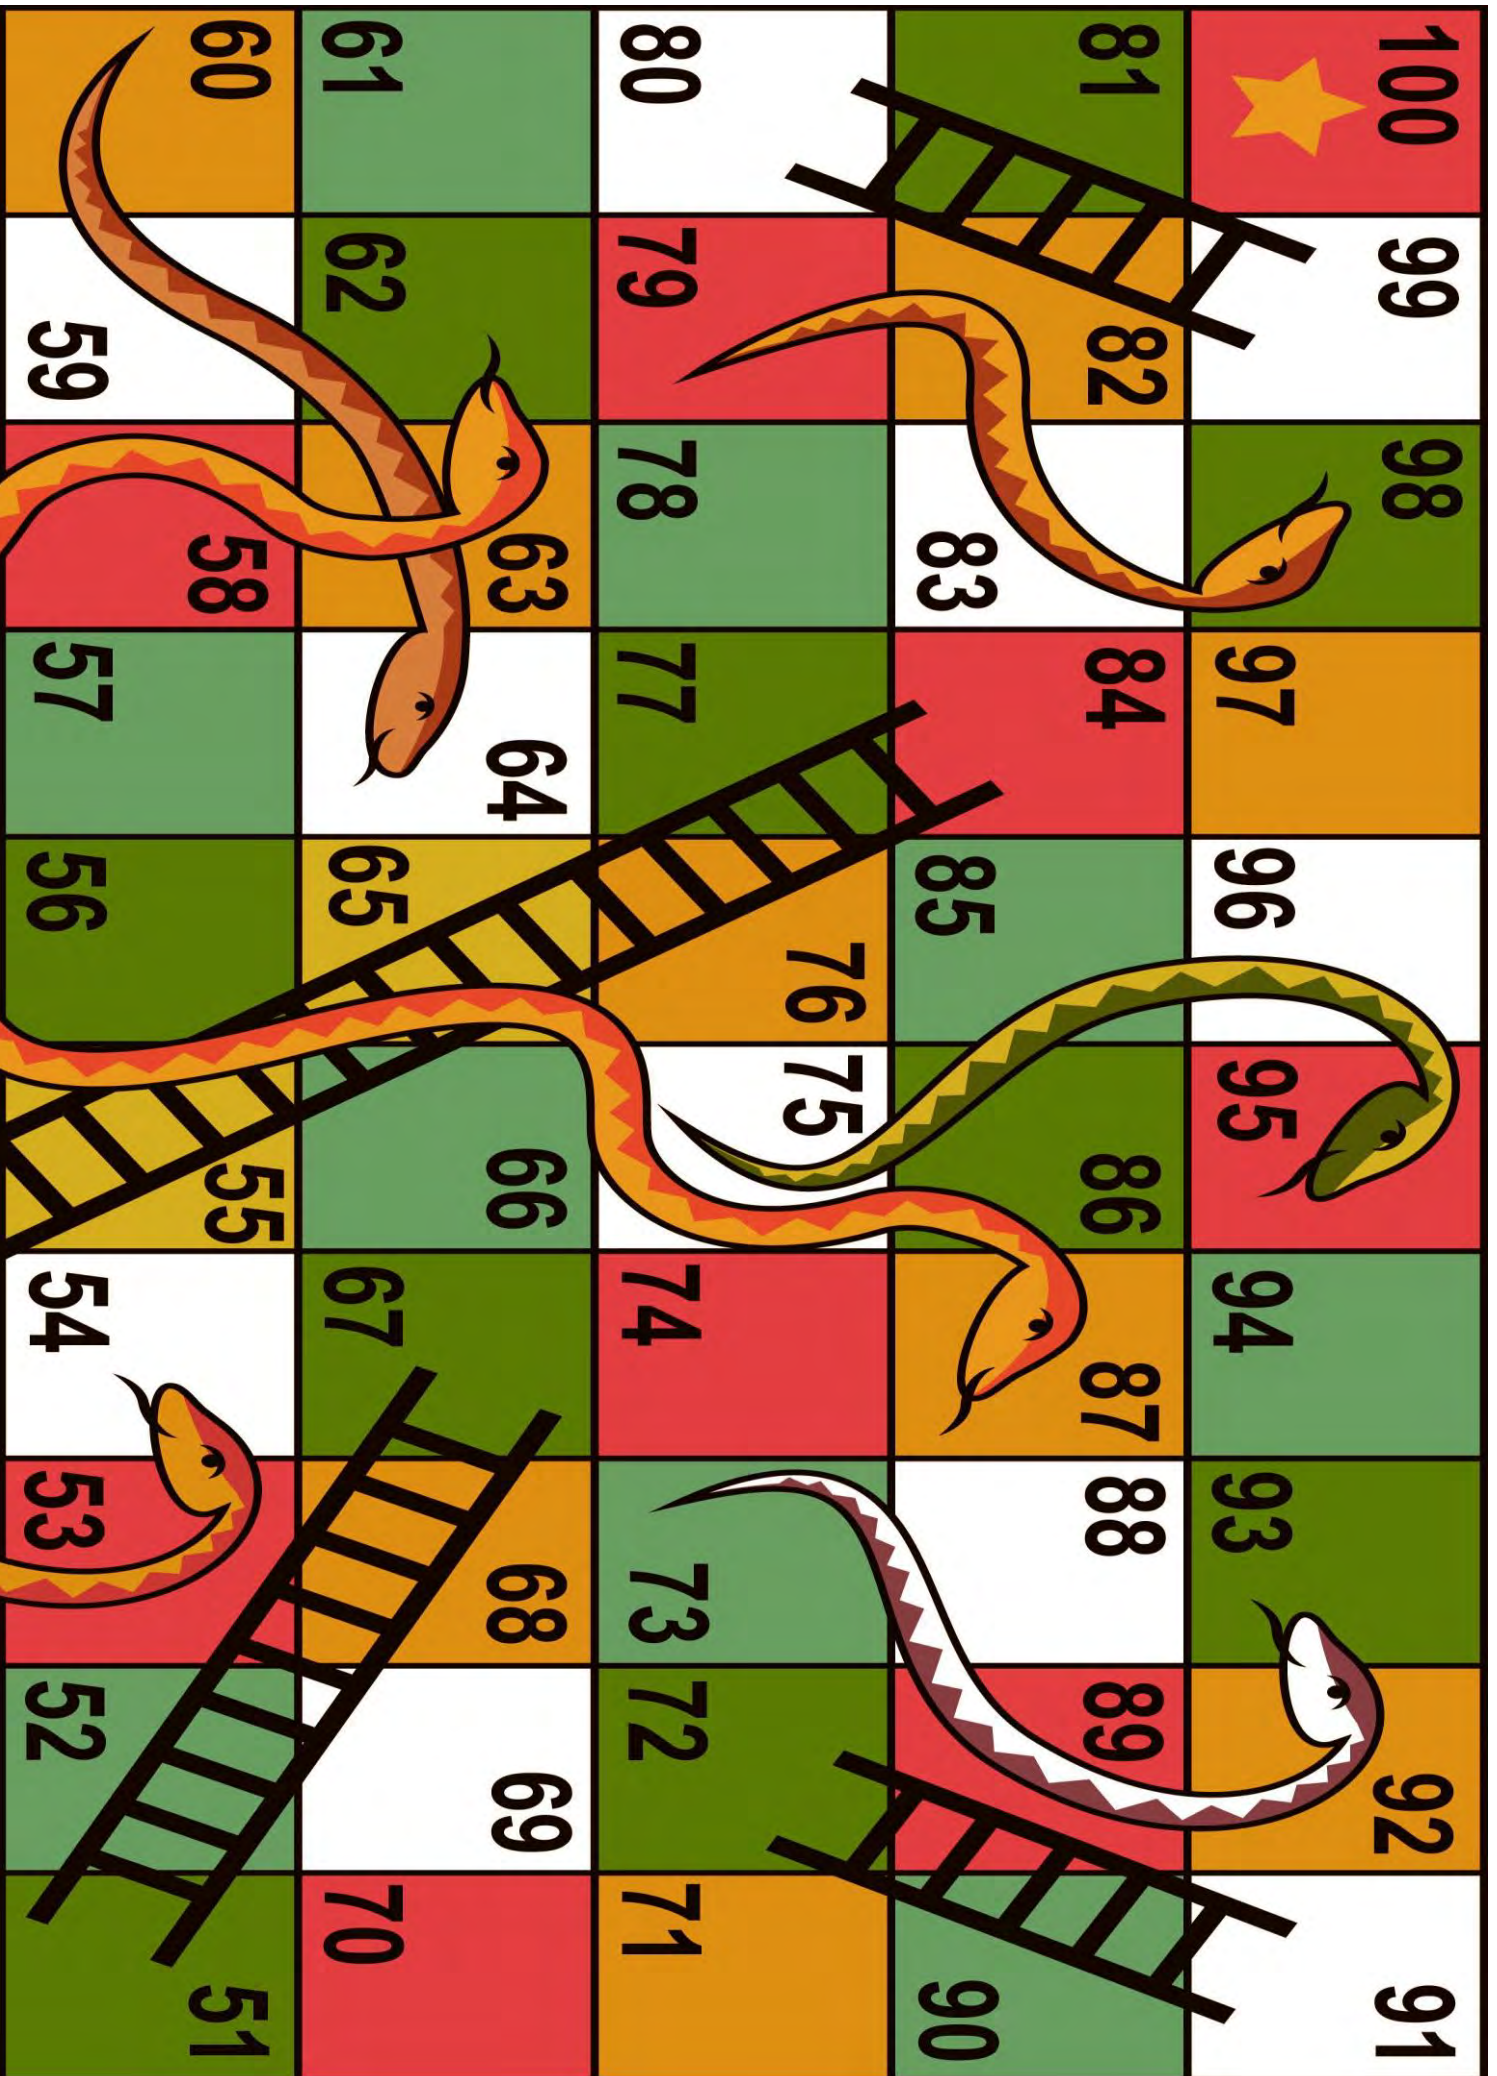

Cut out and glue a pair of dice. Play “snakes and ladders” with it.

Play Ludo with your friends. The rules can be found in a video (scan the QR code).

Before you begin, cut out and color the pieces you will play with.
